CECC-Clean Energy Carbon Credit

CEECO-Clean Energy ECONomy

SUPPORTING THE UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS ([UNSDG](#))

## MLGM: CRYPTO TOKENS - **Catalog** -

Hello, and welcome...

Here at MLGM we are tackling many of the United Nations Sustainability Development Goals head-on including the **Climate Crisis and Poverty**. We invite you to participate by purchasing the crypto token/s which support your chosen goal/s.

With growing support all FOUR crypto tokens could very well see a rise in value which would not only benefit our projects but also those who participate. **Just £25 for 250 crypto tokens!**

### The 4 Crypto Tokens...

[CECC](#) (Clean Energy Carbon Credit)

[CEECO](#) (Clean Energy ECONomy)

[UNSDG](#) (United Nations Sustainability Development Goals)

[FREEDOMCRYPTO](#) (Freedomcrypto)

Each crypto voucher represents the purchase of **250 crypto tokens**.

**Note:** Multiple vouchers can be selected at check-out. The value of tokens can move up & down subject to global demand and crypto market forces

## How to Cash-In... using our Centralized In-House Management Service.

When you're ready to redeem the voucher and 'cash-in' your tokens all you need to do is fill out a short **form**.

The MLGM team will then proceed and sell your 250 tokens on the waves exchange on your behalf.

You get paid the 'on-the-day' market value of the token minus our 5% handling fee.

We will then forward the cash to your chosen payment option (as entered when registering).

**Thank you once again for taking part and buying your Crypto Token Package.**

You are now part of our growing CEECO (Clean Energy EConomy) community and we look forward to your continued participation...

**Have yourself an exceptional day!**  
**MLGM-CEECO Team**

**P.S.** If you would like to purchase larger token amounts simply contact our office and we will do our best to make it happen.

Office tel: 01903 297 181 (UK)

## Future Generations...

The more people we have participating in the CEECO Co2 Emissions program, and indeed our **CEECO 'Clean Energy Economy,'** the quicker we can help make real changes to our planet, promote equality, and build a better world!

You might choose to live a more active and sustainable lifestyle (new eco-friendly house, new car, change work practices, relocate, maybe review your health and nutrition options?). Whatever you choose you'll be giving Mother Nature a helping hand to establish a healthy environment once again.
